

KNOXVILLE IS QUIET ONCE MORE

After Two Days of Serious Race Rioting Following Killing of a White Woman

(By Associated Press)
Knoxville, Tenn., Sept. 1.—Quiet prevailed throughout the city this morning after the race rioting Saturday night and Sunday. The city was tentatively under martial law last night with military patrols in the business section and in the territory where the negro population is greatest. Despite the fact that today is a holiday, the expected crowds had not appeared on the streets during the morning. Here and there men appeared in groups but not permitted to gather in great numbers. All negroes who appeared were publicly searched for arms, unless they had permits certifying to their errands or personality.

One white man and two negroes were wounded Sunday in rioting which resulted in the killing of seven persons, including two National Guardsmen and the wounding of more than a score.

Saturday night's riots, which followed attacks on the County Jail by a mob of more than 1,000 persons bent on obtaining Maurice Mayes, negro, accused of having killed a white woman, were quelled early Sunday, but as the day wore on inept rioting took place despite the presence in the city of 1,200 National Guardsmen.

One of the negroes wounded was shot by a guardsman while resisting search. Many negroes during the night broke into hardware stores and pawnshops to obtain guns and ammunition.

The attack on the jail was made by a mob of more than 1,000 whites who believed that Mayes was held there. The negro, however, had been taken to Chattanooga for safekeeping, but the mob, declining to accept the word of jail officers, shattered the windows and battered the doors.

In gaining entrance to the jail the mob permitted 16 prisoners, several of them convicted murderers, to escape. Troops meeting a band of armed negroes who refused to give way turned machine guns on the blacks. In the resulting exchange of shots Lieut. James W. Payne, of Providence, Ky., a regular army instructor, and a private by the name of Henderson were killed.

In its attack on the jail the mob came upon a large quantity of confiscated whisky and casks and cases were smashed open, the liquor vanishing quickly.

Damage done to the store and stocks in the city is estimated to be about \$10,000. Hardware stores and pawnshops suffered the heaviest losses during the riots, but several furniture stores also were broken into and looted of their stocks of kitchen knives, cleavers, &c.

The casualties remain unchanged, two dead, 13 seriously injured, one of whom probably fatally. The procession of negroes leaving the city, which began Sunday, continued today.

In Woodford county this week Bolivar Bond sold for County Judge E. Mulcahy his farm one mile from Versailles, containing 225 acres, to J. D. Florence, of Bourbon county, at \$300 an acre, a total of \$67,500.

Mrs. Merritt's Funeral
Funeral services of Mrs. Merritt, who was Miss Margaret Willoughby, of College Hill, Madison county before her marriage, were held at the Winchester cemetery Friday afternoon by Rev. G. W. Banks, pastor of the First Methodist church, and Rev. J. H. McNeill, pastor of the First Christian church. The pall bearers were Prewitt Willoughby, Earl Willoughby, Frank Merritt, Hubert Willoughby, Abram Merritt, Jr. and Ezekiel Merritt.

What Is Rheumatism? Why Suffer from It?

Sufferers Should Realize That It Is a Blood Infection.
Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered.
Science has proven that Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons. This explains why lin-

SHERIFF RAIDS SUNDAY CRAP GAME

Sheriff Pete Whitlock raided a crap game which was in full blast near the L. & A. railroad bridge Sunday, and made a big roundup. Many of the boys who were present, and taken in by the diligent officer and two special deputies, claimed that they were not engaged in the festive pastime, but merely happened by and were watching to see the game. Four pled guilty before County Judge Price Monday morning and paid fines of \$20 and costs each. They were Tom Roberts, Charley Lanter, Wm. Poynter and Rollie Harrison. Others who were caught by Sheriff Whitlock in his dragnet were Rollie Roberts, Luther Roberts, James Carson, W. E. Rayburn, John Beazley, and Mary Fender, colored. Most of these say they were just onlookers. When Sheriff Whitlock organized the raid, he deputized Raymond Long and Allen Douglas as special deputies to help him.

FREIGHT CAR SHORTAGE AGAIN IN PROSPECT

The following statement was authorized today by the Regional Director's office, Southern Region, United States Railroad Administration:

"Another shortage of freight cars is in prospect for the coming fall and winter. Instead of the surplus of equipment to be found on nearly all railroads during the dull days before the after-the-war business revival set in, every piece of equipment now is in use on many lines and only the most careful handling by the railroads with consistent and whole-hearted cooperation from the shipping public can prevent serious interference with business."

Federal managers have been called upon by the Railroad Administration to utilize equipment to the fullest possible extent, and particularly to see that cars are set in motion promptly upon being loaded or unloaded.

Shippers are asked to lend a hand both reducing detention of cars to a minimum and by care and heavy loading so that the greatest possible service may be had from each car. From a purely selfish business standpoint, of course, it is the interest of the individual shipper and receiver of freight to do his part towards minimizing the effects of a car shortage from which he will suffer along with the public generally."

Made A Big Profit On Farm

Another sensational sale of land in Casey county was made Saturday by Hughes & McCarty, real estate dealers in Stanford, who are stirring up things in the real estate line in that section. This bustling firm sold the G. H. Pennington farm of 285 acres in tracts, for a total of \$18,564. One year ago they sold the same place to Mr. Pennington for \$12,000, quite a nice profit in the course of a year.

To Sell Two Dandy Farms

Read the advertisements of two big sales to be conducted by Hughes and McCarty, of Stanford, this week. One is a dandy little farm in Lincoln county, and the other adjoins the town of Hustonville in the West End of Lincoln. This firm is offering some great bargains in blue grass farms and treating its patrons in a way that is making them lasting friends.

COOPER'S MURDER STILL A MYSTERY

(By Associated Press)
Nashville, Tenn., Sept. 1.—"Robin J. Cooper was killed by two or more men and the murderers will soon be apprehended," was the statement made by Chief of Police Barthell today. He did not reveal the clue on which he was working. In pursuing the suggestion that Cooper might have been the victim of bootleggers, all persons here suspected of connection with such traffic, were made to satisfactorily disclose their whereabouts on Thursday night when Cooper disappeared. A housegirl in the Cooper home told the police she heard a man call Cooper from his home that night. She saw only the man's shadow, but heard Cooper say to him as they left in an automobile:
"If you had asked for more you could have had it."

The identity of the visitor and the significance of the remark are believed to be all important questions involved in the extraordinary case. Cooper's funeral was held today.

PERSHING STARTS HOME

(By Associated Press)
Brest, Sept. 1.—General John J. Pershing, commander of the American Expeditionary Forces, sailed from here today on the transport Leviathan for the United States.

Marshal Foch came aboard the transport just before she sailed, and made a feeling address. Gen. Pershing replied by bidding farewell to France, "Her gallant poilus, her patriotic men and noble women."

No Bank Failures In Six Months

No national bank failures for more than six months and only two small national bank failures over the last nineteen months' period, is the record for immunity in the last half century, according to the report on banking conditions just made public by the Comptroller of the Currency. Not since 1870 has this record for immunity from failure for national banks been equalled, the comptroller declares.

Twenty charters for new national banks were issued during the month of July and 54 national banks were granted permission to increase their capital. The aggregate increase in national bank capital was over \$12,000,000, while the capital of the newly chartered banks amounted to \$780,000. Banking conditions over the country indicate a flourishing market and a rather general possession of money.

Judge Hughes' Fine Sale

At the public sale of Judge John Hughes in Boyle county, one of the largest crowds ever seen at a public sale in Boyle was present. The splendid farm containing 246 acres, was sold to Mr. Coleman Benton, of Estill county, at \$296 per acre. The live stock sold at splendid prices. Mules brought from \$170 to \$425 per pair; cows from \$60 to \$170 per head; sows and pigs from \$45 to \$85 per head. Corn brought from \$6.50 to \$8 per barrel in the heap. There was one of the largest sales held in Boyle this year, amounting to seventy-five and a hundred thousand dollars. People attended from a large number of Central Kentucky counties.

Moving Picture Show Fire

A film in the operating booth of the Orpheum moving picture theatre, at Main and Limestone streets, in Lexington, caught fire at 8 o'clock one night this week, emptying the theatre of its crowd in a few moments. Fourteen reels of film were destroyed and water from automatic sprinklers and the fireman's hose damaged fixtures of the house slightly, causing a total damage of approximately \$1,500.

NEW YORK WORKERS URGE LABOR TRUCE

Striking and Sensible Recommendation Made There By State Federation

(By Associated Press)
New York, Sept. 1.—Suspension of all strikes throughout the United States and declaration of a labor truce for six months or more to enable President Wilson to bring about a reduction in the cost of living were recommended in the report of the New York State Federation of Labor committee made public here today. The recommendation urges American organized labor to cease wage and hour controversies in order to increase production and restore normal conditions.

The report asserts that the present situation cannot continue unless the people "wish to invite a disaster unparalleled in history."

CONDUCTOR WHO SHOT CARNIVAL MAN, FREED

Capt. Russell Thompson, the well known L. & N. railroad conductor, on the Knoxville division, who shot and killed Joseph Mitchell, a street fair man, at Crab Orchard last week, was tried before County Judge Thos. A. Rice at Stanford Friday and promptly acquitted. There were less than a dozen witnesses introduced. Mitchell was charged with attempting to beat his way on the train, when Capt. Thompson called his hand. He was drinking and he roundly abused the conductor and made threat after threat against him; one of which was that he would "get him at Crab Orchard." It was proven that Mitchell fired the first shot, but several of the witnesses were not certain as to the number of shots. Thompson swore that he shot twice, after Mitchell had fired once at him, the weapon being so close that the side of his head was badly powder burned.

Something In This

There's something in this. The Woodford Sun said this week: "It's the high of cost of living that is making living so hard," declared a prominent Woodford county farmer Monday. "Many men who used to work six days are working only two or three days a week now and loafing the rest of the time. This naturally curtails production and makes for high prices."

WILSON "CALLS" SENATE COMMITTEE

(By Associated Press)
Washington, Sept. 1.—President Wilson today declined to give the Senate Foreign Relations Committee the tentative drafts of the treaties with Austria-Hungary, Turkey, and Bulgaria, as requested by the committee on the grounds it "would tend to take the function of the negotiation of treaties out of the hands of the executive."

"A certain degree of embarrassment would be caused," the President wrote Chairman Lodge, "if the declarations are made public now, which he considered 'out of the question,' inasmuch as the treaties are still in process of negotiation."

NO CARS RUNNING

(By Associated Press)

A committee of five, who said they were merely citizens, called on the Mayor during the forenoon and asked him to immediately end the strike of street railway employees.

American Killed in Mexico

(By Associated Press)
El Paso, Texas, Sept. 1.—Adam Shaffer, an American citizen, was killed by Mexican bandits at his mine in the State of Zacatecas, August 28th, according to a telegram received here today. Lost Big Wad On Streets

Oscar Creed, a young colored man of the Ruthton section, had some mighty bad luck in town court day. He describes the money in an advertisement today and offers a liberal reward for its return.

RED CROSS LEADERS ARE CHANGED HERE

Harvey Chenault and Miss Lucia Burnam Retire After Splendid Achievements.

After over two years of the most exacting work, Mr. Harvey Chenault and Miss Lucia Burnam resigned as chairman and vice chairman, respectively of the Madison county chapter of the American Red Cross. At a meeting of the members held Saturday afternoon Neale Bennett was elected chairman and Mrs. Eugene Walker vice chairman, to fill the vacancies. Both have already had much experience in the good work that the local chapter has done and a successful continuation of its great work under their leadership is assured.

The results that Mr. Chenault and Miss Burnam accomplished are too well known to need lengthy encomium. Taking hold when the great Red Cross movement was in its incipency at the beginning of the war, they built up a splendid organization, and kept Madison county at the forefront in the great relief work which was done by the nation. With Miss Burnam actively in charge of headquarters, work was prosecuted with vigor at all times, and with the work over, she and her patriotic assistants receive the highest commendation from the national headquarters for the splendid accomplishment of the Madison county chapter.

Casey Farms Sell High

Less than a year ago Hughes & McCarty sold to Mr. W. T. Earles, of Middleburg, the Godbey farm, between Middleburg and Yosemite in Casey county, for \$21,000. They sold it for him Wednesday for over \$28,000. R. M. Sharpe, of Christian county, got 25 acres at \$140, 36 acres at \$217, the home and 23 acres for \$6,029, and 13 acres at \$51. T. W. Branson bought 19 acres at \$154; J. N. Wesley 12 acres at \$292.50, C. C. Rogers 53 acres at \$33 and John R. Cooper 130 acres of knob land at \$12. The land that sold at \$292.50 has no improvements. It is needless to say that Mr. Earles was well pleased with the sale.—Stanford Journal.

Monkeying With Uncle Sam
 Internal Revenue Collector Elwood Hamilton is taking steps to collect \$119,000 in taxes from the Wiedemann Brewing Company, on the ground that some of its soft drinks contained a trifle more than one-half of one per cent alcohol. It is said that the government has a right to seize the defendant's big plant at Newport, unless the penalty is paid. Defective machinery is given as the cause for just a little too

much "kick" getting into the product. Uncle Sam is a mighty dangerous old fellow to monkey with, under any circumstances. This is shown in another instance when Director Hines notified the strikers at Los Angeles that the government is going to operate trains there no matter whether they return to work or not, and gave them until 7 o'clock this morning to get on the job again. This thing of government ownership and control may have a lot of features that most of us do not like, but if Uncle Sam's mailed fist can handle unreasonable strikers and keep transportation going and business from being blocked, there may be a whole lot of good in it that many of us have overlooked.

Prof. Wren J. Grinstead and Mrs. Grinstead have arrived from Wisconsin and are with Miss Belle March on Breck avenue.

Wants Big Newspapers

Divided Out
 If the public buys the railroads and presents them to the trainmen, of course the farmers will be bought and presented to the farm hands. Then we shall organize the country newspaper men and demand that the big dailies be bought and turned over to us. We haven't decided whether we shall take the New York Times or the Cincinnati Enquirer. If the Reds win the pennant, we'll take the Enquirer. —Cynthiana Democrat.

Hoss Sense In This

The Danville Messenger had the following this week, which is true as gospel and mighty good hoss sense, too:
 "Swinebroad always sells" is a common expression heard when the sale of a farm is mentioned. Why? The answer is easy—Swinebroad advertises. And he doesn't simply pick out his favorite newspaper in which to advertise; he advertises in all of them. That is good sense and good business judgment. Anyone can tell you that no one newspaper has ALL the circulation in Central Kentucky. The Daily Messenger has a large circulation and gets results for its advertisers, but we do not claim to have all of the subscribers in Boyle and adjoining counties. If we did the people would call us liars, and we would be. If you have anything to sell, do like Swinebroad—advertise in all of the newspapers. It pays to advertise if you advertise right.

STRENGTH FOR YOUNG MOTHERS

How Lydia E. Pinkham's Vegetable Compound Restores Health and Strength.

Lansing, Mich.—"After the birth of my child I was not able to stand on my feet. I was so weak I could not get up. I suffered such pains in my back I could not work or hardly take care of my baby. One of my neighbors recommended Lydia E. Pinkham's Vegetable Compound. I took it and used Lydia E. Pinkham's Sanative Wash, and I got better right away and was soon a new woman and could work hard, and I can recommend these remedies to other young mothers who are weak and ailing as I was."—Mrs. ORA O. BOWERS, 621 S. Homer Street, Lansing, Mich.

Women who are in Mrs. Bowers' condition should not continue to suffer from weakness and pain—but profit from her experience and give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial.

For suggestions in regard to your condition write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years' experience is at your service.

How to take the H. C. L. out of clothes buying this fall

CLOTHES are higher priced; all of them—good or bad. The poor ones cost about the same as the good ones—not much difference.

Here's some good advice; take it from us; don't try to "beat the game," and pay the lowest price; you'll get poor quality; the clothes won't last and your "High Cost of Clothing" will go up several notches.

Here's the right way; get good quality; pay for it; the wear and service you get saves for you and reduces the H. C. L.

Hart Schaffner & Marx clothes do it; they're made to give wear; your money's worth; satisfaction or your money back.

DRY WORKERS CALLED "PUSSYFEET" IN BRITAIN

(Correspondence Associated Press)
London, August 30—"Pussy-footing" is the term the newspapers and British liquor interests have given the campaign to make England dry, and "pussy-foot" is the title they have given those members of Parliament and American Anti-Saloon workers who are pressing the movement.

It has been announced that there is abundant money behind the movement, and the nucleus of a parliamentary prohibition party has been formed by nine members of the House of Commons to first fight for the retention of war time liquor regulations while forming their lines for more drastic action.

Harrogate, a health resort with some 80 mineral springs, was selected as the first object of attack, and a number of speakers were sent there to spread the "dry" doctrine. It was also decided to pay particular attention to Scotland where, under new regulations, local option is possible.

Most of the newspapers have done nothing but ridicule the movement, and urge that owing to the climate British men and women needed stimulants and would never voluntarily relinquish their alcohol.

The liquor interests say they have not given the question much attention preferring to believe that the prohibition experiment in the United States will fail and therefore will be no need for action in England.

ARMY GAS MASKS HELP FIRE FIGHTERS

(By Associated Press)
Buffalo, August 30—Army gas masks will not be abandoned by the Buffalo fire department. At the first fire in which they were used here firemen wearing them were overcome while others without masks were able to stand the smoke. It was declared at that time masks were useless as fire department equipment.

Fire Chief Murphy refused to accept this as a conclusive trial and since then, he says, the masks have been used with signal success.

"At the recent fire, at the Cudahy packing plant where the smoke was very dense, men wearing masks penetrated to all parts of the building, remained for long periods and suffered no ill effects," Chief Murphy said. "The army mask has come to stay in the Buffalo department."

A Real "Sour Dough"

Anchorage, Alaska, Aug. 30—Jerry C. Murphy, of Anchorage, Alaska's new territorial attorney general, is a real Alaskan "sour dough." He came into the territory as a prospector with a pack on his back and, at one time, worked as a packer on the Valdez Fairbanks overland trail.

Tigers Like Water.

Tigers are extremely fond of bathing. In a zoo, if a tub be provided, they will eagerly make use of its facilities for ablution. They are first-rate swimmers, and in former days it was reckoned at Singapore that they "ate a Chinaman a night," swimming across from the mainland to get him.

"Uncle Bill" Envises a Tramp

"Uncle Bill" Schooler, editor and publisher of the Commonwealth, a weekly published at Somerset, frankly tells his readers in a recent issue that he is undecided whether to continue the harassed existence of a country publisher or take to the open road as a common tramp. His conclusions are set down in an editorial in which he tells an "unappreciative public" that if he never writes another line for his paper they can draw their conclusions as to what happened. Regarding a tramp he met on the "open highway," he writes: "The price of gasoline has no terrors for him. He doesn't have to take a bath unless he wants to. He can be his own lazy, independent self while we must keep up the eternal blarf."

A RARE CHANCE

386 Acres Fine Blue Grass Land

and splendid improvements thereon, will be sold at public auction, without reserve, to highest and best bidder, on

Wednesday, Sept. 10, on Premises

AT 10 O'CLOCK A. M.

This farm front on the Richmond and Lancaster turnpike, one mile from the City of Richmond, and the E. K. State Normal School Campus—dustless road into the city—and adjoins the splendid farms of Simmons, Creech, Turley, Carnes, and the late Col. Thomas J. Smith. It lies on the east side of the pike, which is one of the finest thoroughfares in the county, having recently been tarried out from town and for a mile or so south of the farm, thus affording the desirable convenience of a dustless road into the city.

This farm is sold for the purpose of dividing the proceeds among the three owners recently coming into possession thereof. The farm is well fenced, outside and inside, and is all under a high state of cultivation, and splendidly improved. On it there is a handsome 12 room frame, metal roof residence, fine porches, concrete foundation, large, dry basement, air pressure water system, heated by hot air, furnace in basement and lighted by acetylene gas, with good garage, and all requisite out buildings. This residence has only been constructed a few years and is in good condition. Daily R. In addition there are also on the place four good tenant houses, with good cistern at each, with all necessary outbuildings, yard and garden. Appurtenant to one, is a large ice house (old style). There are four large barns, one of which is so arranged that 100 to 150 cattle may be comfortably housed therein for feeding, etc. This barn has a 100-foot hay rack and a 4-foot trough corresponding, and it can easily be converted into a tobacco barn. It is now being used for both purposes.

This land is well drained, gently rolling, and abundantly supplied with wholesome stock water, (having several ponds and lasting springs). It is really one of the finest and best farms in this county of splendid farms. It is convenient to churches, good schools, and good markets. There are in Richmond two first class loose leaf tobacco warehouses, a flourishing creamery, and also the best live stock market in the state, with two well conducted stock yards.

About 250 acres of this land is in blue grass, clover, and timothy; 10 acres in tobacco; 75 acres in corn; the remainder in wheat. Also a good young orchard of apples, pears, peaches, etc. It is one of the nicest and best arranged places in county and is a money maker. The goods are there to show for themselves. If interested, go and examine for yourself.

This farm will be subdivided and sold in two tracts, then as a whole:

TRACT NO. 2—Contains about 193 acres, is also well improved, and will make an ideal home. The plat will be exhibited and the exact acreage made known on day of sale of each of these tracts.

On complying with the conditions of the sale, the purchaser or purchasers if desired, will be granted the right of seeding the land now in cultivation to small grain this fall.

Plans for the launching of a Baptist theological seminary for the negroes of America in Nashville were unfolded by Dr. O. L. Hailey, secretary of the commission of the Southern Baptist convention charged with the duty of establishing such an institution. Dr. Hailey declares this will be the first negro seminary in the world, the ministers of that race having been compelled heretofore to content themselves with such theological training as is afforded by the negro denominational colleges or else accept tuition in the seminaries operated by the white people.

For the establishment of this institution the Baptist 75 Million campaign has apportioned \$200,000, the executive board of the National Baptist convention, composed of representatives of Negro Baptist churches of both the South and North, has appropriated \$100,000, while Dr. Hailey will raise \$200,000 from other sources, giving the new institution a fund of \$500,000 for initial equipment.
